Title: Research of Damaged Books

Author: Auldrek

Subject: Legends

A fragment of a book
was found in the crypts
in Yew along with many

other tomes. This is the
only wholly legible
portion.

`Heed ye the warning
that lies within this
tome. It is pure
unadulterated evil that
seeks you should you
seek the knowledge
lying within this book.
When the shadow
returns and falls upon
the land it shall fall cold
in its blackness upon
you. For it is the
shadow alone without
the glory that had cast
it. A distorted image
reccected of something
long gone from this
world, something that
the wrestched still
crave in all its lure of
purity. But the purity is
gone, buried so deep
within the fell
quagmires of blood and
corruption that to seek
it is to find only the evil

that shrouds it,
coveting it for its own
wretched purpose.

When it returns, be
anywhere but in that
abomination of a
swamp for death
returns with it. But in
any event read on if
you will, for these
pages hold within them
its sad tale and its
lonely warning of the
poison of the Wytch
who brought paradise
to ruin with her black
arts.

Nought else can I do
but shudder of
continue. `In days of
ancient past within the
golden age of Sosaria,
was a garden of
unrivaled beauty.
Beauty everlasting they
said it was, nestled in a
cove by the sharp, cool
water of a deep eldritch
lake which fed its
vibrancy. To the east
lay the great sea with
its waves crashing in
the near distance, a
spray of foam raining
down upon the shores
of this truly holy place.
So it was the village the
sprang up in the
shadow of the Mystic
Lake, hugging close to
the eternal garden and
the deep of the sea...`

I can only guess where
this place may be.
Truly one day I should
investigate further. The

only swamp I can
remember that wasn`t
always there lay north
and west of Trinsic.
That swamp is large
enough to easily have
swallowed this place. I
shall have to look into
this one day when I
have more time. For
now my Lord requires I
find those other Tomes
concerning the various
races of this land. I
begin to wonder at his
motives in this.
